STOP the battery farm

As a residence of Laguna Niguel, I am strongly opposed to the proposed battery farm in SJC. My home is very close to the location and it will affect me, my family, my community and resale negatively. I am concerned about the safety of the project when we live in a high fire risk zone. The area in SJC is a beautiful farm and it would be a tragedy to have it filled with lithium batteries. I would hope the citizens whom are affected by this development would have a voice in the approval of such a negative project. Thank you for your time and attention to this crucial timing of denying the battery farm progress. Peggy Werner
