## **Battery storage facility**

I am Totally against this land use proposal. That land was donated to the Church in the spirit of it reflecting the Normal land use in San Juan...open space, Equestrian space, , things in keeping with agricultural and historical uses that we have seen .The potential hazard to people's homes, the INDUSTRIAL aspect of this proposal that conflicts with Equestrian use as well is WRONG for San Juan Capistrano .It is a Horrible place for Anything industrial looking at the very entrance to our town! The Church needs to fund itself in a more compatible way!
