Dear Sir or Madam,

I want to record my opposition to the proposed Compass Battery Storage Project proposed for San Juan Capistrano. I am concerned about the potential fires it may cause and the threat of environmental damage. While I agree that clean energy solutions are important, this particular project is just too close to homes, open space, and vegetation. I encourage you to deny the project and move forward with Assembly Bill 615 to ensure no energy storage project moves forward without local emergency input

Thank you.

Smiles,  
Karen
