Opposition to BESS facility

I strongly oppose the BESS facility that is being proposed in the city of Laguna Niguel. The vicinity in which they want to place this facility is much too close to homes, freeways and train tracks. As a homeowner I am concerned with fire safety and potential toxic chemicals that could be emitted from this. I am voting a hard NO and hope they can build it somewhere else further away from residential communities. Please do not allow this to be built in my neighborhood!
