## **STOP the Compass Energy Storage**

I am a resident of Laguna Heights for over 10 years. I have watched our neighborhood improve with new roofs and remodels, as our houses were built in 1987. Our HOA fees have increased as well as home owners insurance, due to sloping land and wildfire risk. Our future should NOT now include a Compass Energy Storage unit very near our neighborhoods, schools and churches. It is TOXIC and a hazard. The homeowners and firefighters are against it!

Just because you have a church that wants to sell the land and someone that is looking for a toxic dump, does not make it a good fit. No money given to the state could ever compensate this tragedy.

I support Mike Levin US House representative of our CA 49th district because he also opposes it!
