To Whom It May Concern,

I am writing this email to voice my strong opposition to the Compass Energy Storage Project. The Compass Energy Storage Project (Docket No. 24-OPT-02) is a hazard to neighbors since the proposed construction site is unstable which is why the land has not been developed. Shifting soil, an earthquake, arson or malfunction of a battery will result in a fire that can not be extinguished and is a risk to city and surrounding cities. These batteries will deteriorate and will eventually catch on fire. Additionally, this will be an unsightly nuisance to the area.

Sincerely,

Courtney Huber
