Lithium battery storage

I am writing in opposition to the proposed BLESSIN lithium batter storage in San Juan Capistrano.

1) Too close to train tracks. 2) In a high risk fire zone. 3) A fire at this location would impact transportation on 5 freeway and Amtrak. 4) Limited evacuation zone. 5) Risks to homes, natural vegetation, businesses, risk of water contamination. 6) What is the liability insurance that this business carries to cover the lawsuits that the residents will be filing following a disaster at this location?
