Don't even think about it!

I sat through the entire CEC mtg on 5/29/25, from 10:00 am - 8:15 pm. I also sat at my laptop yesterday, 6/3/25 ALL day, listening to the Zoom mtg. I HEARD EVERYTHING THAT YOU HEARD... I SAW EVERYTHING TOO.

I do not think that anyone could listen to 2 days straight of ALL the reasons WHY this project has to be denied, and then not deny it! It absolutely doe NOT make ANY SENSE to put our communities in this DANGER! It is a PUBLIC SAFETY ISSUE! Plain & simple. I AM IMPLORING YOU TO: DO THE RIGHT THING! This project has no place in this area. ENGIE/COMPASS NEEDS TO FIND A NEW, DIFFERENT PART OF THE STATE TO SET UP A STORAGE PROJECT LIKE THIS! THEY DID EVERYTHING THEY COULD TO TRY & FIND SUPPORT FROM EVERY KIND OF BUSINESS/NON-PROFIT... AND THEY WERE TURNED DOWN. THEY HAD INTEGRITY AND COULD NOT IN A RIGHT CONSCIOUS SUPPORT THIS PROJECT! They refused to be BOUGHT! They have hearts and compassion for the citizens of both Laguna Niguel & San Juan Capistrano! They know what a disaster this entire project will end up being! PLEASE DO NOT ALLOW THIS COMPANY TO TURN OUR HOMES & LIVES INTO ANOTHER MOSS LANDING! DENY...

DENY....DENY...DENY...DENY....DENY....Please remember the picture of my 3 grandchildren I showed you at the meeting. Please give them the future & childhood they deserve!
