## **Opposition of City of Laguna Niguel Battery Energy Storage System Project**

I am opposed to this project. My family including our disabled child live not far from this proposed location, in Marina Hills. This site is too close to our community and would expose our family and community to significant health issues if the site sustained a failure as we have seen in other areas such as Monterey County, CA. Please oppose this location which is too close to our homes and community.

Lisa Piraino
