Summary of 6/11/2024 SB 100 Tribal Working Group Comments and Questions

Meeting Minutes: 2 hours

Tribal representatives had the following concerns and recommendations:

- Tribes requested more information on the energy technologies utilized in SB 100 modeling. They desire clarification on the commercial status or readiness of energy technologies included in the model, for example, hydrogen technologies, natural gas and carbon capture sequestration, and offshore wind.
- Tribes requested more information on how the SB 100 Scenario Results inform policy and decisions made by policymakers. They desire clarification on how the different scenarios could be implemented by policymakers.
- Tribes asked for more information on land use. The next Tribal Working Group meeting is scheduled for 6/25/2024 on SB 100 Land Use Methods.
