Re: CALCTP Repeated Application for Confidential Designation

Dear Docket Unit:

I am writing on behalf of ICF, a program administrator for the California Advanced Lighting Controls Training Program ("CALCTP") ("Applicant") to submit this repeated application¹ for confidential designation of certain specified Acceptance Test Curriculum Materials, CALCTP compliance forms, and Test Questions as 2022 amendments to CALCTP's Acceptance Test Technician Certification Provider Application to become a Lighting Control Acceptance Test Technician Certification Provider under California Code of Regulations, Title 24, Part 6, § 10-103-A ("Amended Lighting Control ATTCP Application"). These documents are submitted under Docket 13-ATTCP-01.

On November 26, 2013, the CEC granted confidentiality for curriculum and testing materials as part of the Applicant's efforts to become a Lighting Controls Acceptance Test Technician Certification Provider. The confidential material consists of training modules addressing various technical areas an Acceptance Technician would need to demonstrate competence before being certified. This material was last updated in **2022** and was again granted confidentiality.

On June 20, 2025, CALCTP submits the following CALCTP ATTCP Curriculum Update materials to reflect changes in the 2025 edition of Title 24 and to make various editorial improvements in the curriculum, along with a request for confidentiality for these documents:

1. CALCTP - ATE New V5.0 Lecture - Part I - CLEAN - 4-11-25_72 pgs
2. CALCTP - AT New V5.0 Lecture - Part I - REDLINED - 4-11-25_72 pgs
3. CALCTP - AT New V5.0 Lecture - Part II - CLEAN - 2025-04-11_186 pgs

As stated above, on November 13, 2013, the Executive Director of the California Energy Commission granted confidential status to the CALCTP ATTCP Curriculum materials, including online proprietary NRCA forms, and test bank questions. Per my communication with the CEC, we don't need to resubmit a confidential application each code cycle, just reference our initial confidentiality application and provide title and page numbers of the materials to remain confidential

Please contact me right away if there are any questions as to which documents are to be kept confidential.

I certify under penalty of perjury under the laws of California that the information contained in this application for confidential designation is true, correct, and complete to the best of my knowledge and that I am authorized to make the application and certification on behalf of the Applicant.

Sincerely,

Mark V. Ouellette
ICF
