Darden Clean Energy Project (23-OPT-02)

RE: Local Investment Program Implementation Progress Report - July 2025 (CBA-2)

Status of Implementation of Plan & Relevant Documentation

- There have been no material changes to the implementation of the Local Investment Program since the updated Plan was submitted to the CEC docket on June 6, 2025 (TN264097). Further, there are no additional relevant documents.

Changes or Further Updates to the Plan

- A Community Benefits Agreement was executed with Comunidades de Westside, Leadership Counsel for Justice and Accountability, and the Central California Environmental Justice Network on June 18, 2025.
- Centro la Familia Advocacy Services, in coordination with Intersect Power, will host a free air conditioner window unit giveaway event in the communities of Five Points and Cantua Creek on July 14 and 15, 2025. The event will be executed using funds provided as part of the Darden Community Benefits Agreement with Centro la Familia.
- A Career Fair is being planned for Fall 2025 for western Fresno County community members interested in working on the Darden Project.
