CEC Solar for All (POU Territories)

DOCKET NO. 25-SOLAR-01

NOTICE OF REMOTE-ACCESS
WORKSHOP

Notice of Workshop on CEC Solar for All (POU Territories) Solicitation Concept Proposal July 30, 2025

10:00 a.m. – 12:00 p.m.

Remote Access Only

See Attendance Instructions.

The California Energy Commission (CEC) will host a virtual public workshop to review the CEC Solar for All (Publicly Owned Utilities (POU) Territories) Program solicitation concept proposal published on July 11, 2025, and available on the CEC Solar for All webpage at: <https://www.energy.ca.gov/programs-and-topics/programs/solar-all-program>. At the workshop, there will be an opportunity for participants to ask questions and provide feedback.

The public can participate in the virtual workshop consistent with the attendance instructions below. The CEC aims to begin promptly at the start time posted and the end time is an estimate based on the proposed agenda. The workshop may end sooner or later than the posted end time.

The CEC is planning to conduct additional forums to solicit feedback from California Native American tribes and also welcomes consultation with California Native American tribes.

Agenda

The proposed agenda is as follows:

1. Welcome and Introduction: meeting housekeeping and introduction of the program.
2. Solicitation Concept Proposal: overview of the solicitation concept proposal including proposed funding, timeline, applicant and project eligibility, project requirements, and screening/scoring criteria.
3. Next Steps: guidance on how participants can provide feedback on the solicitation concept proposal.

4. Question and Answer Session: address questions from participants.
5. Comments: participants can provide comment on the concept proposal.

The workshop will be recorded, and a copy of the presentation and recording will be posted on the CEC Solar for All website at <https://www.energy.ca.gov/programs-and-topics/programs/solar-all-program>.

Background

Under the federal Inflation Reduction Act of 2022 117th (Pub. L. No. 117-169, 136, [Stat. 1818](#)), administered by the United States Environmental Protection Agency (US EPA), the State of California received just under \$250 million for a coalition of state agencies including the California Public Utilities Commission (CPUC), the California Employment Development Department (EDD), and the CEC. The CPUC will implement Solar for All programs serving low-income and disadvantaged community (LIDAC) residents in the investor-owned utility (IOU) territories, and the CEC's Solar for All Program will implement projects in POU territories. EDD will offer workforce development and labor training programs.

This CEC Solar for All (POU territories) solicitation will provide \$25 million in awards to support investments in eligible technologies, including residential rooftop (for single- or multi-family), community solar, and associated storage systems, serving LIDACs in POU territories that achieve at least 20% electricity bill savings for program participants. This solicitation concept proposal is designed to incorporate and implement US EPA requirements, with additional CEC requirements included as appropriate.

The CEC Solar for All (POU Territories) solicitation concept proposal is intended to describe proposed concepts to solicit feedback for developing a formal solicitation document, expected to be released later this calendar year. The intent of the anticipated CEC Solar for All (POU Territories) Program is to accelerate the deployment of solar, or solar with storage, and reduce electric bill pressures on LIDAC customers, including tribes, in California's POU territories.
