Daniel Beans
Electric Utility Director and Chief Executive Officer
Roseville Electric Utility
City of Roseville
Roseville, California 95678

**APPROVAL OF OWNERSHIP TRANSFER FOR THE ROSEVILLE STATE
POWER AUGMENTATION POWER SITE (RSPAPS) UNITS (21-TPG-01)**

Dear Daniel Beans:

As a result of sudden and severe energy shortages, extreme drought, wildfires and record-breaking heat events throughout the Western United States, Governor Newsom issued a Proclamation of State of Emergency on July 30, 2021. To reduce the strain on energy infrastructure the Governor authorized the California Energy Commission (CEC) to license new emergency and temporary power generators of 10 megawatts (MW) or more that would deliver net peak energy before October 31, 2021. On August 17, 2021, the CEC issued Order number 21-0817-2 establishing a self-certification process for licensing new emergency and temporary power generators and delegating approval of self-certifications and the granting of licenses to the Executive Director.

A license to temporarily host and operate two 30 MW GE TM2500-G4 gas turbine package units (units) was granted by the CEC on September 8, 2021. The agreement between Roseville Electric Utility and the California Department of Water Resources (DWR) was for operation and maintenance of two General Electric TM2500 Combustion Turbine Generators with selective catalytic reduction systems. In 2024, the City of Roseville filed a letter with the CEC that provided a notification for the transfer of ownership of the RSPAPS units and associated equipment ([TN 260105](#)). DWR certified its transfer of the title to the units to the City of Roseville in accordance with the terms and conditions of the Asset Transfer Agreement and the Site Agreement, as amended.

I confirm the transfer of ownership from DWR to Roseville is consistent with the terms and conditions of the emergency license applicable to this facility.

Sincerely,

A handwritten signature in dark ink, consisting of a stylized 'D' followed by a horizontal line.

Drew Bohan
Executive Director
