Proceeding/Project Name: 2025 Integrated Energy Policy Report Gas Demand Forecast
(Docket No. 25-IEPR-03)

As part of the 2025 Integrated Energy Policy Report Gas Demand Forecast process, the California Energy Commission sought from Southern California Gas Company (“SoCalGas”) daily gas demand by customer category for the two most recent years, 2023 and 2024 (“SCG_2025 Forms for Submitting Gas Demand and Rate Forecasting Information, Form 1.4”). Portions of that daily gas demand data are confidential. Previously, SoCalGas submitted substantially similar data to the California Energy Commission for which an application for confidential designation was granted by the Executive Director pursuant to California Code of Regulations, title 20, section 2505(a)(4). (See June 30, 2023 CEC letter from D. Bohan to SoCalGas granting confidential designation for daily gas demand data, Docket No. 23-IEPR-03.)

Certification of Confidentiality by Donna Lim Pursuant to Title 20, §2505(a)(4) (Repeated Applications for Confidential Designation)

I, Donna Lim, do certify as follows:

1. I am a Data Scientist within the Workforce Management Department of Southern California Gas Company. I have reviewed the confidential information provided for noncore customers within the SCG_2025 Forms for Submitting Gas Demand and Rate Forecasting Information, Form 1.4 and am familiar with its contents. I am also familiar with the contents of the previous request for daily gas demand data which was granted confidential designation on June 30, 2023.
2. The daily gas demand data being provided here is substantially similar to the daily gas demand data that was previously granted confidential treatment on June 30, 2023. The only difference between the data being provided here and that which was previously requested are the dates of the requested information.
3. The facts and circumstances for granting confidential treatment of this data are unchanged from SoCalGas’s previous submission reflected in the June 30, 2023, CEC letter.
4. The portions of the data for which confidential treatment is sought are marked with yellow highlighting.

I certify under penalty of perjury under the laws of the State of California that the foregoing is true, correct and complete to the best of my knowledge.
