MEMORANDUM

TO: Julie Manfredi, Compliance Officer
Roseville Energy Park

FROM: Anwar Ali, Compliance Project Manager

SUBJECT: Petition to Amend - Roseville Energy Park application with Placer County Air Pollution Control District for Roseville State Power Augmentation Power Site (21-TPG-01)

DATE: July 25, 2025

Thank you for the Petition (PTA) filed with the California Energy Commission (CEC) on June 2, 2025, in relation to the Roseville Energy Park (REP) application with the Placer County Air Pollution Control District (PCAPCD) to increase the operating hours of the Roseville State Power Augmentation Power Site (RSPAPS) units.

The CEC staff reviewed PCAPCD's approval of the above REP request. The CEC has determined that with PCAPCD's approval, the REP is compliance with all the local, state, and federal requirements. The PCAPCD's approval is consistent with the provisions contained in the Condition and Reporting Requirement -12 (CRR-12) in the Approval of License for RSPAPS (TN [239619](#)).

Therefore, the CEC has determined that there is no requirement for filing the above PTA, and accordingly, no amendment fee is required for processing of the PTA.

Please let me know if you have any questions or concerns.
