Contractors State License Board

I am an Expert Consultant for CSLB and do many HVAC inspections. My personal experience is that 95% of residential work is completed without a permit. At this rate, how is the California Building Energy Efficiency Standards (Title 24, Part 6) every going to meet their goals ?

This is a great resource for information that has not been reviewed for your report.

Thank You
Michael Olson, License No. 326950, C10 & C20
