SUMMARY OF POST CERTIFICATION PETITION PETITION FOR POST CERTIFICATION CHANGE WATSON COGENERATION PROJECT (85-AFC-01C)

On October 11, 2024, The Watson Cogeneration Company, the project owner, filed a Post-Certification Petition for Changes in Project Design, Operation or Performance and Amendments to the Commission Decision (Petition) ([TN 264560](#))) with the California Energy Commission (CEC) for the Watson Cogeneration Project (WCP), pursuant to California Code of Regulations, title 20, section 1769.

The WCP is a 385-megawatt combined-cycle cogeneration facility located in the city of Carson, Los Angeles County. The project was certified by the CEC on September 17, 1986, and began commercial operation on April 1, 1988.

SUMMARY OF PROPOSED CHANGES

Watson Cogeneration Company is seeking CEC's approval of the following:

1. Addition of three new 220 kV Gas Insulated Switchgear (GIS) within the existing substation (Sub 1F) at the WCP. The new GIS are located in the existing Sub 1F substation and laid out in a breaker and a half arrangement; and
2. Modification of the site boundaries which include a new 69 kV GIS substation (Sub 1P), two new 69 kV transformers and two new transmission poles.

For additional information, go to the [CEC's project webpage](#) (<https://www.energy.ca.gov/powerplant/combined-cycle/watson-cogeneration-project>). In the box labeled "Compliance Proceeding," click on "Docket Log" to access documents for this proceeding.

REVIEW PROCESS

This petition is reviewed pursuant to California Code of Regulations, title 20, section 1769. The review process includes an evaluation of the effect the change could have on the environment; the project's compliance with applicable laws, ordinances, regulations, or standards; and whether a change to, or deletion of any condition of certification adopted by the CEC in the final decision or subsequent amendments is required.

After staff has completed its independent review and analysis of this petition, the assessment will be published for public review and comment. Included in the staff analysis there will be written notice of staff's intent either to process the proposed changes as a staff-approved project change or schedule it for consideration by the CEC at a regularly scheduled business meeting.

PUBLIC PARTICIPATION

This summary of the post certification petition is being mailed to the following persons on the CEC's mailing list for the project: interested agencies, members of the public, property owners who requested placement on the mailing list, and property owners within 500 feet of linear features (for example, pipeline) and within 1,000 feet of the facility. The notice is also being sent electronically using the BRPP electronic subscription service. The electronic subscription service is an automated CEC system by which information about this facility is emailed to parties who have subscribed. To subscribe, go to the [CEC's project webpage](#), cited above, scroll down the right side of the project webpage to the box labeled "Subscribe," and provide the requested contact information.

Any person may comment on the petition or the staff analysis when publicly available. The CEC encourages use of its electronic commenting system. To use the CEC's electronic commenting feature, go to the [CEC's project webpage](#), cited above, click on the "[Submit e-Comment](#)" link, and follow the instructions in the online form. Be sure to include the facility name in your comments.

Written comments, attachments, and associated contact information (for example, address, phone number, email address) become part of the viewable public record. This information may also become available via any internet search engine.

Written comments may also be mailed to:
