## **Soda Mountain Solar Project Support**

PLEASE VOTE â€œYES!â€

As a home owner and resident of the Barstow community, I am writing to express my strong support for the Soda Mountain Solar Project. I believe investing in solar power is essential to expanding renewable energy production, and reducing greenhouse gases that will ensure a sustainable future.

This project is a remarkable opportunity that will provide clean, renewable energy and substantially improve the grid reliability of our community. In addition, this project will create an abundance of jobs; thus, stimulating our local economic growth.

I urge you to approve this project and support a transition into more cleaner and more reliable energy!
