request my builder Toll Brothers to install electric hook up for clothes dryer

I reserved a house at 115 Remy Lane, Montebello CA 90640. to be built by Toll Brothers, The house will be equipped with solar energy ,but I found out later that they will install a gas line for the clothes dryer hook up.

I request them to install an electric outlet, to comply with energy efficiency and clean air act. They refused.

I would like the energy commission to evaluate. It affects al the house at Metro Height community.

especially the laundry room is next to all the bedrooms, if any minor earthquake could affect the safety and cause carbon monoxide leak.

I would like the commission to evaluate the situation and make the electric clothes dryer for all the new constructions with solar energy.

Thank you very much
YuanPei Alice Chou
