To: NextEra Energy Resources

We respectfully request that you **do not imply** that the Vacaville Veterans organizations support your battery energy storage system (Corby Project) in unincorporated Vacaville, California. When we accepted your generous donation for our annual **free Holiday Dinners for the community**, it was with the clear understanding that there were no conditions or expectations attached. Our gratitude for your contribution does not, and should not, be interpreted as endorsement of your project or any other initiative.

Please refrain from making any statements suggesting that the Vacaville Veterans support your project. Our organizations do not, and will not, take positions on community developments, political candidates, or policy matters. As nonprofit veterans' organizations, it is our duty to remain strictly neutral in such matters. While individual members are, of course, free to express personal views, they do so independently and without reference to our organizations.

Once again, we thank you for your generosity in helping us provide holiday meals for nearly 1,000 people on both Thanksgiving and Christmas Eve. Your support of these community events is truly appreciated.

Sincerely,

Jeffrey Jewell, Manager
