Nothing is missing in Acton

Please consider the environment, families, delicate infrastructure, the fact that weâ€™re backed up to Angeles forest, the fact that we canâ€™t get fire insurance, and there is no way they will have enough resources to put out a fire if one breaks out. During high traffic hours we are locked in that little valley. And if a fire starts, we will be trapped. It will be worse than one of those fires up north! HUGE loss of life
