No Battery Storage on Acton PLEASE

Please do not put or authorize any battery storage facilities in Acton. There are so many reasons to list:

- Recommended location an extreme fire zone
- Next to main corridor to the Antelope Valley
- extremely close to the San Andreas Fault one offramp away
- we are a community with Wells possible contamination of our water
- too close to homes thereâ€™s areas in the antelope Valley that are wide open with no impact to humans.

Acton does not want battery storage in our town. Please help us. Prevent this from happening.
