Docket Number: 24-OPT-05

NO to the CORBY BESS Project, Vacaville, Solano County

My email to the Planning Commission:

"SUMMARY:

PLEASE adopt the interim ordinance as the permanent ordinance to keep BESS out of our neighborhoods and agricultural areas.

POSITION

PLEASE protect us from these lithium battery installations. The massive, and highly toxic fire at Moss Landing, and other places, proves that:

- 1) there is NO existing PROVEN fire suppression system in existence.
- 2) we need at least a 1/2 Mile buffer between the BESS site and ANY inhabitable area or high capacity road or freeway, like I-80.
- 3) BAN BESS ON PRIME AG LAND
It is an irreplaceable resource that shouldn't be used for BESS.
Please review the unbelievable adverse impacts to the community that the massive, destructive BESS fire at Moss Landing caused.

PLEASE PROTECT US. We live on the other side of the freeway from this proposed BESS site... Corby/NextEra.
