We DONâ€™T want it nor NEED it !

This is my comments on the battery storage :

- 1 -They ask for our input and say they CARE about our community â€¦ FALSE STATEMENT !
- 2- This is a 100% increase in FIRE possibilities !
- 3- We only have 1 fire station in our town that in NO WAY can handle a lithium fire !
- 4- Our area is ALREADY a hi fire risk area with astronomical insurance rates , with many cancellations !
- 5- Will absolutely decrease the value of our homes !
- 6- It will NOT BENEFIT our town whatsoever!
- 7- Our power grid is not capable to handle what we have , no need to add issues !
- 8- There are plenty of other locations that can be utilized for this type of madness , Acton is not one of them !
- 9- Our voices seem to be muted , and this is unacceptable !!
