Fire and Environmental Hazard

Hello, I am a homeowner in Acton. I strongly oppose this project. It has already become incredibly difficult to obtain homeowners insurance because we are such high fire risk area. This project adds additional fire danger. Further, like most of us my property is on a groundwater well. Possible spills after a fire will contaminate our ground water. Finally, we have livestock, like most other properties, so sheltering in place inside is not an option, and the livestock will be unprotected. Thank you for your attention in this matter.
