no to lithium plant in acton

100% NO!!! to the lithium power plant proposed for Acton, it has no benefit to this rural community in fact the opposite would be said it will ruin this old community. These business people do not care about that they just want to use cheap land in this farming community and that isn't how America should work, protect its real people first and foremost! go build your plant somewhere else it doesn't effect anyone...NO TO LITHIUM PLANT!!!
