## **Table 9d**

I am vehemently opposed to the proposed wind farm development off the Central Coast. I understand the Port San Luis Harbor District has been given a grant to study it. There are other studies currently being done that are not completed yet. I implore you to table this study as it is a waste of time and money, and the offshore wind farm is a horrible idea for this area. Just because money has been allocated is not a good reason to waste it. Please TABLE the study and inevitablyÂ do not move forward with this very flawed plan.Â ListenÂ to the Morro Bay Commercial Fishermen's Organization and the REACT Alliance.
