To Whom It May Concern:

Re: SolarAPP+ Foundation proposal to CEC GFO-23-318 Bringing Rapid Innovation Development to Green Energy Energy (BRIDGE) 2024

On behalf of **Pleasant Hill**, I am pleased to confirm our **support** for the SolarAPP+ Foundation's application for the CEC's 2024 Bringing Rapid Innovation Development to Green Energy (BRIDGE) funding opportunity. **Pleasant Hill** is excited to collaborate on this project, which aligns with our **vision to *Increase access to clean energy for all our residents.***

The SolarAPP+ Foundation's proposal offers a unique opportunity for **Pleasant Hill** to advance **its clean energy goals** by automating permitting, integrating virtual inspections, and enhancing the review process for clean energy technologies. This collaboration will not only help reduce permitting costs and streamline solar inspection but will also pave the way for a cleaner, more affordable energy future for our residents.

Pleasant Hill offers our support to this proposal, and we are excited to work with the SolarAPP+ Foundation to achieve sustainable energy solutions. Please feel free to reach out for additional information.

Sincerely,

Geoff Simmons
