Relocate project to Lambie Industrial

Thank you for asking for Lambie Industrial as an alternate build site. It only makes sense that a project like the current Corby BESS project be built in an industrially zoned area, away from residences and prime agriculture land. Our family lives right by the proposed location at Kilkenny & Byrnes and it makes absolutely no sense why anyone would allow this to be built in prime ag land and directly adjacent to a residence. Please require a relocation to the Lambie Industrial or other industrially zoned location.

Thank you,
Madison Cole
