Docket 24-OPT-05: Support for Lambie Industrial Park Site

Dear Commissioners,

I continue to voice my concern for the Corby Battery Energy Storage System (BESS) Project. I am thankful to all of you who continue to listen and care about the voices of the people who live in Vacaville and Solano County.

I respectfully support the Corby Project being located in the Lambie Industrial Park. It is not about their inconvenience and a longer delay of time for them to move to Lambie Industrial Park. Time is a good thing. It ensures our safety and the preservation of the land.

I appreciate the time you have allowed to make sure we are receiving a honest and valid evaluation to ensure we are aligning with the BESS Solano County new ordinance. The future of our farmers, police, firefighters, families and children depends on this Lambie Industrial Park as the location.

Sincerely,
Jaime Doolan
Vacaville, CA
