BESS battery storage

Energy Commission,

I am a concerned citizen of Solano County for over 45 years. PLEASE only consider the BESS project in areas that are NOT ag, within the general population, or near our valuable and shrinking water system. The area approved and would be supported is in the Lambie Industrial Park. Myself and many others will never support this potentially toxic project anywhere near our population, water, or ag land.

Thank you for your consideration,
Rosalyn Tardiff
