BESS battery storage

I am a concerned citizen of Solano County for over 45 years. I am opposed to the BESS project if it is NOT put in the appropriate area that has been approved. Lambie Industrial Park is the best consideration by far. I will never support a project like this if it is on or near our water systems, ag land or near our population. The potential for a disaster is real and safety to our county should be the first and foremost concern.

Thank you for your consideration
Rosalyn Tardiff
