Corby BESS Project

Dear Commissioners,

Thank you for the work you do for our communities. I, Karen Bell, am a resident of the beautiful agricultural town of Elmira, part of Vacaville, California. I live about 4 miles from the proposed Corby Project. I am writing to respectfully urge you to save our land for those generations to come that yes, need new renewable energy, but first and foremost need a safe environment to live. I feel that NextEra is only thinking about profit and not about the people that live near their proposed site. I just wonder if they had to live here, would they feel like us???

Please encourage NextEra to move their proposed site to the much safer INDUSTRIAL SITE of Lambie Park.

Thank you,
Karen Bell
