Support moving the Corby Project to the Lambie Industrial Park

I write to ask you to please move the proposed BESS to the Lambie industrial park. Plesse do not build this by my home. The proposed project is across the street from my property in prime ag land and around my neighbors homes. We do not want this to effect our property values and air and water quality in the event of a fire. We have seen that many of these catch on fire and can not be put out.
