BESS

The citizens fighting against BESS and its shady tactics are not anti-progress—we're pro-responsibility. We believe renewable energy should never NEVER NEVER come at the cost of our families' well-being. Citizens want to ensure Vacaville grows wisely, with transparency, safety, and respect for ALL of its people. Both Solano County and the City of Vacaville have established safety rules for BESS, but energy companies are trying to bypass this at the state level. We are watching how you handle this and hope that you fight for ALL citizens and ALL neighborhoods to keep our city and county safe. Thank you.
