battery storage

I am a long time Vacaville resident and live near Vacaville high school. I live with my husband, our 13-year-old grandson and our special needs adult daughter. As a family we dont want Hazardous material, such as Corby Battery Energy Storage system in our area. My husband and I are now senior citizens, and our special needs daughter's health along with ours is more on the fragile side nowadays and want to keep our environment and our city as danger free as possible.
