No lithium battery storage facilities

To whom it may concern,

I am writing to you about public health safety issues with having a lithium battery storage facilities in Solano County, Fairfield, Vacaville, Dixon and Davis. The lithium battery is very toxic to everyone health when the facilities goes up in flames and there is no way to put out the fire!!!! My question is, why can't the lithium battery storage facilities be built some where there is no population, like in the middle of the desert!!! If you decide to vote yes to have this lithium battery storage facilities to built in Vacaville than we all know you were bought and paid for!!!! Which is pure evil, disgusting and you don't care about human life and only care about be greedy!!!!!! PLEASE VOTE NO TO KEEP THE LITHIUM BATTERY STORAGE FACILITIES OUT OF SOLANO, FAIRFIELD, VACAVILLE, DIXON AND DAVIS FOR THE SAKE OF OUR PRECIOUS CHILDREN!!!!!! OUR CHILDREN ARE NOT FOR SALE!!!!!!

Robin
