Corby Battery Energy Storage System Project - Objection

Hello,

I object to this project as it creates an array of public health, administrative, and financial inequities that the residents of Vacaville, CA and surrounding Solano County residents will have to endure as we continue to pay taxes. This project will also add to the ongoing environmental dilemmas that we continue to encounter and face each day in our delicate ecosystem. Please protect our precious land that truly belongs to the Native Americans which are deemed to be sacred.

Thank you,
L. Krishna
