

DOCKETED	
Docket Number:	24-BSTD-05
Project Title:	2025 Energy Code Compliance Initiatives
TN #:	267256
Document Title:	Notice of Availability for Restructured 2025 Energy Code
Description:	The draft Restructured 2025 Energy Code is now available for public review. This document was developed by the CEC in response to public feedback suggesting that aligning the structure of the Energy Code (California Code of Regulations, Title 24, Part 6) with other parts of the California Building Standards Code (Title 24) would improve usability and navigation. This new format will serve as the basis for developing the 2028 Energy Code.
Filer:	Payam Bozorgchami
Organization:	California Energy Commission
Submitter Role:	Commission Staff
Submission Date:	11/14/2025 3:01:05 PM
Docketed Date:	11/14/2025

CEC-057 (Revised 1/21)

Notice of Availability and Request for Public Comment on Restructured 2025 Energy Code

Docket # 24-BSTD-05

The California Energy Commission (CEC) seeks public comment on the first draft of the *Restructured 2025 Energy Code*. This document was developed by the CEC in response to public feedback suggesting that aligning the structure of the Energy Code (California Code of Regulations, Title 24, Part 6) with other parts of the California Building Standards Code (Title 24) would improve usability and navigation.

The draft *Restructured 2025 Energy Code* uses the adopted 2025 Energy Code regulatory language, but it is reorganized with renumbered sections. Minor editorial changes were made to support the new structure; however, these changes do not alter the regulatory requirements. This format and numbering are merely draft for comments and have not been formally adopted. The document is provided solely as a public resource to gather feedback that may inform future Energy Code updates. The draft is not an official regulatory document and should not be used in place of the formally adopted code.

Public Comments

To provide public comments on the draft *Restructured 2025 Energy Code*, the CEC encourages use of its electronic commenting system. Visit the e-commenting page for CEC docket 24-BSTD-05 at:

<https://efiling.energy.ca.gov/EComment/EComment.aspx?docketnumber=24-BSTD-05>

Written comments and technical inquiries may also be submitted by email to the CEC Building Standards Branch at EnergyCodeUpdateInquiries@energy.ca.gov.

Written comments may be submitted by May 29, 2026. CEC staff may still consider comments received after this date.

Availability of Documents

This draft *Restructured 2025 Energy Code* is available on the California Energy Commission [website](http://www.energy.ca.gov) at www.energy.ca.gov.
