Proposed BESS Facility

To whom it may concern:

I am opposed to the BESS facility proposal near I 80 at Kilkenny rd. Vacaville has inherently been an agricultural community. The constant barrage of construction and grab of green space is more than concerning! Just the potential of hazard at this facility if a fire was to break out is enough reason to say NO to this project. I hope the commission overseeing this project listens to the outcry of the community saying NO
THANK YOU!
