Battery Energy Storage site

Iâ€™m against the battery storage in our area of Vacaville. I feel itâ€™s dangerous and they have caught fire before like in the Monterey area. We have fields that can catch on fire. We finally have a year with no fires. I also thought our community already voted against this but I guess they are trying again at the State level. Please listen to the people for once. We donâ€™t want this in our town of Vacaville.
