NOTICE OF WORKSHOP

RE: Independent Consumer Fuels Advisory
Committee

**Notice of the Third Meeting of the Independent Consumer Fuels
Advisory Committee**

December 9, 2025

11:30 a.m. – 2:00 p.m.

In-person and Remote Access.

In-person at:

California Natural Resources Agency Building
715 P Street
Second Floor, Room 2-310
Sacramento, California 95814
(Wheelchair Accessible)

Remote Access via Zoom™:

See Attendance Instructions below.

The California Energy Commission (CEC) will host a meeting of the Independent Consumer Fuels Advisory Committee (ICFAC) to review and discuss the petroleum supply stabilization strategies and other petroleum-focused efforts and to receive any initial feedback from the ICFAC members on implementation. This is in-person and remote meeting consistent with Senate Bill (SB) X1-2 (Skinner, Stats. 2023, 1st Ex. Sess., ch. 1) and Assembly Bill (AB) X2-1 (Hart, Stats. 2024, 2nd Ex. Sess., ch. 1), with both a publicly accessible physical location and public access online or by phone through Zoom™.

The public can participate in the meeting consistent with the attendance instructions. The CEC aims to begin promptly at the start time posted and the end time is an estimate based on the proposed agenda. The workshop may end sooner or later than the posted end time.

Agenda

CEC staff will provide an overview of petroleum-related work efforts, followed by an update by CEC and Division of Petroleum Market Oversight staff on the petroleum supply stabilization strategies. Finally, CEC staff will provide an update on transportation fuel transition planning efforts. The ICFAC Chairperson will facilitate a roundtable discussion with ICFAC members focused on the content presented.

A detailed schedule will be posted prior to the meeting in Docket No. [23-ICFAC-01](https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=23-ICFAC-01) at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=23-ICFAC-01>.

Background

SB X1-2, the California Gas Price Gouging and Transparency Law, took effect June 2023 and established the ICFAC to provide expert advice and insight to the CEC and Division of Petroleum Market Oversight on petroleum fuels market instabilities in California. The CEC periodically hosts ICFAC meetings to receive advice on staff work related to transportation fuels market analysis. Through this work, the ICFAC supports the state's efforts to promote transparency, stability, and fairness in the transportation fuels market.

The CEC is responsible for implementing the Petroleum Industry Information Reporting Act of 1980 (PIIRA), which requires certain petroleum industry companies to submit weekly, monthly, and annual data to the CEC. Analysis of data collected under PIIRA is an important part of the CEC's responsibility to create a thorough understanding of the operations of the petroleum industry in California. SB X1-2, which took effect in June 2023, amended PIIRA and added other requirements associated with the CEC's oversight of the petroleum industry. Among other things, SB X1-2 revised and introduced several new petroleum industry reporting requirements, with submittals beginning in July 2023. The new information includes spot market transactions, firm ownership, agreements and contracts, inventory holdings by type, refinery maintenance schedules, notice of marine vessel imports, expanded refinery operator reporting, and new pipeline and port operator reporting. SB X1-2 also authorized the CEC to regulate the timing of refinery maintenance and turnaround.

AB X2-1, which took effect January 2025, requires the CEC to consider the effects of refiners' inventory on the price of transportation fuels in California. The bill authorizes the CEC to develop requirements for refiners operating in the state to maintain minimum levels of inventories and to plan for resupply of lost production during planned maintenance or turnarounds. AB X2-1 builds upon SB X1-2, which aims to improve transparency into the petroleum industry and prevent consumer price spikes.

The CEC continues to engage with the members of the refining industry, labor, community advocates, environmental justice advocates and others to implement both laws. The CEC is taking a comprehensive approach to see what measures may stabilize supply and help to prevent and mitigate gas price volatility. The CEC is committed to ensuring there is a safe, reliable, affordable, and equitable supply of transportation fuels during the transition to a clean energy future.

Attendance Instructions

In-person participants may join the meeting at the California Natural Resources Agency Building, 715 P Street, Second Floor, Room 2-310, Sacramento, California 95814. In-person participants must check in with the security officer in the lobby and be escorted to the meeting room.

If participants bring a device to join the meeting via Zoom at the physical location, the system audio must be muted, or the audio should not be joined. This is to avoid disruptive feedback during the meeting. Audio will be provided through an onsite sound system.
