1. (a) Title, data, and description of the record.

Electricity Resource Plan Supply Forms issued by the California Energy Commission(CEC) for the 2025 Integrated Energy Policy Report (IEPR).

(b) Specify the part(s) of the record for which you request confidential designation.

PG&E is providing the information as requested in Electricity Resource Plan Supply Forms S-1 (Capacity / Energy Requirement), Form S-2 (Capacity / Energy Supply Resources), Form S-2A (Addendum Monthly Capacity and Energy Data), and Form S-5 (Bilateral Contracts and Power Purchase Agreements). PG&E is requesting confidential designation for certain information designated as confidential in Electricity Resource Planning Forms S-1, S-2, S-2A, and S-5.

The data for which PG&E seeks confidential designation in the S-1, S-2, S-2A, and S-5 forms are clearly highlighted in yellow, and the confidential versions are conspicuously labeled as Confidential.

PG&E has provided Form S-1, S-2, S-2 Addendum (S-2A), and S-5. The CEC granted confidentiality to the below and similar data categories in the 2007, 2009, 2011, 2013, 2015, 2017, 2019, 2021, 2022, 2023, and 2024 IEPR forms. PG&E's request for confidentiality in these 2025 IEPR forms is consistent with those decisions for similar data. The new data being provided this year in these categories are unchanged or substantially similar to that provided in the 2007, 2009, 2011, 2013, 2015, 2017, 2019, 2021, 2022, 2023 and 2024 IEPR forms. PG&E requests that these categories be deemed confidential for the same reasons as presented in the 2007, 2009, 2011, 2013, 2015, 2017, 2019, 2021, 2022, 2023 and 2024 IEPR, and that this Application be considered a **Repeated Application**.

2. State the length of time the Commission should keep the record confidential.

Consistent with previous IEPR proceedings, PG&E requests that the specific categories of information listed for Form S-5 remain confidential through December 31, 2030, or the contract expiration date, whichever is later. Also consistent with previous IEPR proceedings, PG&E requests that the specific categories of information listed for Form S-1, Form S-2, and Form S-2A remain confidential for three years from the date of this application (i.e., to November 21, 2028).

3. Identify the specific categories of data for which confidentiality is being sought.

Supply Form S-5 (Bilateral Contracts Table)

PG&E is requesting a Confidential Designation for the below-listed categories of data provided in Form S-5 for 44 contracts. The information covered by these data categories in the 2025 IEPR includes competitively and commercially sensitive business and resource-planning information, protected under the Public Records Act.

To release this information publicly would allow market participants to have access to competitively sensitive information that would normally not be available to them in this form or format. Additionally, release of this information could allow other parties to achieve a competitive advantage that could potentially harm PG&E's customers through higher power prices. Specifically, the identified data includes commercially sensitive information regarding the status of projects not yet operational.

The type of information covered by these data categories in the 2025 IEPR is the same or substantially similar in nature to information granted confidentiality by the CEC as part of the 2022 IEPR, as well as in previous IEPR proceedings (2007, 2009, 2011, 2013, 2015, 2017, 2019, 2021, 2022 and 2024). PG&E requests that the information be deemed confidential for the specified contracts because these disclosure concerns are still relevant. Cells requested to be confidential are clearly highlighted in yellow, per the CEC's request.

PG&E requests confidentiality for the below-noted cells in the following columns:

- Column C, Supplier / Seller: cells 414-438
- Column G, Contract Start Date: cells 210, 235, 240, 247, 248, 254-256, 258-265, 276-279, 332, 333, 340, 341, 382-385, 400-413
