STATE OF CALIFORNIA  
STATE ENERGY RESOURCES  
CONSERVATION AND DEVELOPMENT COMMISSION

In the matter of: ) Docket No. 92-SPPE-01  
CARSON POWER PLANT )  
(Small Power Plant Exemption) ) SFA'S NOTICE OF  
 ) CHANGE IN OWNERSHIP  
 ) FOR THE CARSON POWER PLANT  
 )  
\_\_\_\_\_ )

The Sacramento Municipal Utility District Financing Authority (SFA) hereby submits this Notice of Change in Ownership ("Notice") regarding the Carson Power Plant ("Project"). Through this Notice, SFA formally notices the California Energy Commission ("CEC") of the transfer of ownership of the Project's generating facility to the Sacramento Municipal Utility District (SMUD), a local publicly owned electric utility duly organized under California law. SMUD will manage and maintain the Project's generating facility in a manner consistent with the operation of the Cosumnes Power Plant, Campbell Power Plant, and Procter and Gamble Power Plant. SMUD personnel staff and manage the Project and contract with a professional operator to oversee its operation and maintenance. Additionally, SMUD owns and operates the Project's electric transmission lines, water pipeline, and gas pipeline system.

The ownership change means that the Project's operation and maintenance will be conducted similarly to that of the CEC-licensed Cosumnes Power Plant, with EthosEnergy Power Plant Services, LLC, continuing to provide operational and maintenance services. SMUD remains responsible for procuring water, electric transmission, and natural gas for the Project. SMUD's benefits will continue as it brings the Project in house and manages all aspects of the Project.
