In the matter of:	)	Docket No. 93-AFC-02C
	)	
PROCTOR AND GAMBLE	)	SFA'S PETITION FOR POST
POWER PLANT	)	CERTIFICATION CHANGE IN
	)	OWNERSHIP FOR THE PROCTOR
	)	AND GAMBLE POWER PLANT
_____	)	

The Sacramento Municipal Utility District Financing Authority (SFA) hereby submits this Petition for Post Certification Change in Ownership ("Petition") for the Proctor and Gamble Power Plant ("Project") pursuant to Section 1769(b), Title 20, California Code of Regulations, to be considered by the California Energy Commission (CEC). By this Petition, SFA requests approval to transfer ownership of the Project's generating facility to the Sacramento Municipal Utility District (SMUD), a local publicly owned electric utility duly organized under California law. SMUD will manage and maintain the Project's generating facility in a manner consistent with its operation of the Cosumnes Power Plant. SMUD personnel staff and manage the Project and contract with a professional operator to oversee its operation and maintenance. Additionally, SMUD owns and operates the Project's electric transmission lines, water pipeline, and gas pipeline system.

**INTRODUCTION**

On November 16, 1994, the CEC issued a license to the Sacramento Cogeneration Authority for the construction and operation of the Project. The Project is a nominal 184-megawatt cogeneration facility consisting of two General Electric LM6000 SPRINT combined-cycle gas turbines, Unit 1 and Unit 2, and associated equipment. The facility is located in the City of Sacramento, California on approximately 10 acres adjacent to the Procter and Gamble facility, which is the Project's steam host. The Project is located in Sacramento County at 5000 83<sup>rd</sup> Street. It is in Section 23, Township 8N, Range 5E, Sacramento County, approximately 5 miles east of the Sacramento Executive Airport.

## PROPOSED OWNERSHIP CHANGE

In 1992, SMUD partnered with the Modesto Irrigation District (MID) to form a public agency under the Joint Powers Act,<sup>1</sup> known as the "Sacramento Municipal Utility District Financing Authority" (SFA). Around the same period, SMUD also partnered with other public entities to form the Central Valley Financing Authority, Sacramento Power Authority and Sacramento Cogeneration Authority. SMUD worked with these three joint powers authorities to finance, build, and operate three cogeneration plants in the City of Sacramento. In 2021, the Sacramento Cogeneration Authority transferred ownership of the Project's assets to SFA.

SFA now plans to transfer ownership of the Project's assets to SMUD, including the generating facility and associated fixtures, facilities, and certain personal property, but excluding the real property and the electric transmission line, water pipeline and gas pipeline system, all of which are currently owned by SMUD. This action will provide SMUD with significant business advantages that inure to the benefit of SMUD's community owners, including, among other things, the ability to realize operational efficiencies. The SFA governing commission and management have historically exercised effective control over all aspects of the Project, with SMUD benefiting as the purchaser of power from the Project. SMUD's benefits will continue as it brings the Project in house and manages all aspects of the Project.

The ownership change means that the Project's operation and maintenance will be conducted similarly to that of the CEC-licensed Cosumnes Power Plant, with EthosEnergy Power Plant Services, LLC, continuing to provide operational and maintenance services. SMUD remains responsible for procuring water, electric transmission, and natural gas for the Project. SMUD also retains title to the underlying real property, the 10-acre parcel.

### **AUTHORITY AND VERIFICATION**

SMUD understands the conditions of certification and agrees to comply with those conditions. As an officer of SMUD, I hereby attest, under penalty of perjury, under the laws of the State of California, that the contents of this Petition are truthful and accurate to the best of my knowledge and belief.

Respectfully submitted,
