RE: AVAIO Pittsburg Backup Generating Facility (Docket No. 24-SPPE-01) Mitigation Monitoring and Reporting Program

To Whom It May Concern:

This letter is to confirm that the Mitigation Monitoring and Reporting Program (MMRP), prepared by the California Energy Commission (CEC) and made part of the Final Initial Study/Mitigated Negative Declaration (IS/MND) for the proposed AVAIO Pittsburg Backup Generating Facility (Project) located at 2232 Golf Club Road, Pittsburg, has been reviewed by the Planning Division of the City's Community and Economic Development Department. The City of Pittsburg, in its role as a Responsible Agency for the proposed Project, will process the planning entitlements and related building, grading, and encroachment permits for the construction and operation of the proposed Project. Following approval of the entitlement application, the City will enforce the MMRP, which has been developed by the CEC in conjunction with the IS/MND for the proposed Project.

If you have any questions or concerns about the above information, please do not hesitate to contact me.

Sincerely,

Alison Spells
