Dear Jennifer Grady:

The California Energy Commission (CEC) received Sacramento Municipal Utility District's (applicant) application for confidential designation, docketed November 12, 2025 (TN 267178) for the following information as part of the 2025 IEPR Supply Forms:

- Form S-2: Columns C through AN, Rows 27, 48, 51, 53, and 62
- Form S-5: Columns A through K, Rows 15, 18, 20, 29 and Columns G-H, row 30

Governmental Entities. When another federal, state, regional, or local agency or state-created private entity, such as the California Independent System Operator, possesses information pertinent to the responsibilities of the Commission that has been designated by that agency as confidential under the Public Records Act, or the Freedom of Information Act, the Commission, the Executive Director, or the Chief Counsel may request, and the agency shall submit the information to the Commission without an application for confidential designation. The Commission shall designate this information confidential.

The applicant requests that the highlighted portions of the data be designated confidential by the CEC for two years after the expiration date of each contract (which dates are set forth in Column H in form S-5), under California Code of Regulations, title 20, section 2505(b).

The applicant has met the requirements for confidential designation of the above information as a governmental entity. Confidentiality is granted for two years after the expiration date of each contract, under the same terms as those typically granted for this information.

Be advised that under California Code of Regulations, title 20, section 2506, one may petition to inspect or copy records that the CEC has designated as confidential. A decision on a petition to inspect or copy confidential records is issued by the CEC's chief counsel. Under California Code of Regulations, title 20, section 2507, the executive director may disclose records, or release records previously designated as confidential, in certain circumstances. The procedures for acting on a petition and criteria for disclosing or releasing records previously designated as confidential are set forth in California Code of Regulations, title 20, sections 2506-2508.
