**STATEMENT OF STAFF APPROVAL
CHANGE IN OWNERSHIP AND OPERATIONAL CONTROL
PROCTOR & GAMBLE POWER PLANT
(93-AFC-02C)**

On November 24, 2025, the Sacramento Municipal Utility District Financing Authority (SFA), the project owner, filed a post certification petition with the California Energy Commission (CEC) requesting to transfer ownership of the Proctor & Gamble Power Plant (PGPP) from SFA to the Sacramento Municipal Utility District (SMUD), the new owner.

The 171-megawatt project was certified by the CEC in November 1994 and began commercial operation in March 1997. The PGPP is located at 5000 83rd Street in Sacramento.

A statement describing the change in ownership and operational control, signed under penalty of perjury by Lora Anguay, Senior Attorney for SMUD, was submitted pursuant to California Code of Regulations, Title 20, section 1769(b) and 1707. The statement affirms that the new project owner understands the conditions of certification in the Commission Decision or as previously amended and agrees to comply with those conditions.

The petition requesting the change of ownership and operational control is available on the [CEC's project webpage](https://www.energy.ca.gov/powerplant/combined-cycle/procter-and-gamble-power-plant), <https://www.energy.ca.gov/powerplant/combined-cycle/procter-and-gamble-power-plant>. In the box labeled "Compliance Proceeding" click on the Docket Log (93-AFC-02C) and locate the petition by its transaction number, [TN 267725](#).

Staff has reviewed the petition and has determined that the petition meets the requirements of California Code of Regulations, Title 20, section 1769(b). Accordingly, staff hereby approves the petition to change ownership and operational control for the PGPP.

This Statement of Staff Approval is being mailed to interested persons on the project mail list.
