## **Prairie song battery storage Acton**

Please do not approve this by Prairie song battery storage in Acton, California. This is the corridor into the antelope Valley and will have tremendous impacts to not just the Acton Community but the entire Antelope Valley.

I don't know if you're aware, but the drinking water for all of Acton on the west side comes from the very valley that they wish to build on. Zoning law should mean something. Please let the legacy of your power be one of betterment for the community and doing the right thing.
